

1. We think each **Player** can only work for one **Team**, but each **Team** can hire multiple **Players**.
2. We think each **Player** can graduate from at most one **College**, but each **College** can teach multiple **Players**.
3. We think each **Player** can own only one **Body**, and each **Body** can only be owned by exactly one **Player**.
4. We think each **Player** can only have exactly one series of **Stats** performances, and each series of **Stats** can only represent one **Player**.
